Findout more about us
Jewels Royale Christian DayCare and Pre-Prep

Founded on Christian values Jewels Royal is a Christian Day Care and Pre-Prep that focuses on creating a safe and homely environment for toddlers while preparing them for the big world of Preparatory.

As a wise man said, the two most important days in one's life are "The day you are born and the day you discover why" we believe all children are unique and are called to specific destinies that unfold over the course of life. As such we are passionate about exposing little ones to various avenues of discovery and expression during their formative years. In a world where success is no longer measured by singular academic excellence but by various alternative forms such as talent, resourcefulness, passion, relations, leadership and even peace or happiness, we believe in providing our young ones access to the world's best development platforms through healthy spirituality, Science, Innovation, Technology and Entrepreneurship.

Our learning approach is highly individualised, interactive and of course fun filled, where young ones are stimulated through motivation and inspiration. So why not give your little one a head start in a safe, caring and loving environment.

As a wise man said, the two most important days in one's life are

**"The day you are born
and the day you discover why"**
